

March 16, 2020

Dear Parents/Guardians:

School leadership has been preparing and planning for the ever-changing situation brought about by COVID-19. This morning we had our first Google Hangouts with the entire school faculty and staff. As mandated on March 13, 2020, by California Governor Gavin Newsom through an executive order, we are committed to offering “high-quality education opportunities” through options like online learning and independent study, “to the extent feasible.”

We will begin reaching out to students starting tomorrow, Tuesday, March 17, remaining positive in our messaging as we share what to expect on our remote teachings.

We encourage your students to also follow us on [Instagram](#), where we will be posting content throughout this break away from school.

During this difficult time, it is so heartwarming and inspiring to learn that our Board President, Laura Cunitz, and one of our school families, the Cummings, have generously donated a total of \$20,000 towards distance learning programming. Thank you to everyone for the support at this time. Winston is missing all of you!

Please remember to look for updates on our [website](#) and continue to follow the updates of the [CDC](#).

Wishing you continued good health,

Dr. Dena Harris
Head of School & Executive Director
