Appendix L:

The Winston School Red Dot
Submitted

for City Council Meeting
by Winston School Board
President on June 15, 2020

Also includes Red Dots submitted after the Board President’s that were included in the public record. The School’s was not
Dear City Clerk,

Please note the following from Laura Cunitz, President, The Winston School Board of Directors:

The Winston School (“School”) has just been made aware of the acceptance of Red Dots about the City Council’s statement on June 2, 2020, regarding the Lease negotiation with The Winston School for this evening’s meeting.

We are confused about the submission and acceptance of Red Dots to be read as part of the public record when a previous Winston School Red Dot was rejected because it did not relate to an item on the agenda. Where on tonight’s agenda is The Winston School?

The School’s submission regarding the delay of our fence permit was submitted for the May 18th City Council meeting. Melinda Gould rejected it on the basis that it was not on the agenda. It seems the City is treating the School with a different set of rules than other community members.

The Red Dot submission by Rosanne and Joel Holiday, unfortunately, contains some material misstatements based on either assumption on their part or things they may have been told.

The School donated close to $3M in funds toward the purchase of the park. These were applied as prepaid rent. However, the Board of Directors established provisions that the $200,000 in rent payments were to be accrued towards the eventual redevelopment of the campus.

The second part of that statement, “having failed to plan and raise funds for the rebuilding of the school,” is completely erroneous and has absolutely no basis in fact. The School has already raised and saved over $1.7M for renovations, some of which have already been invested in new classroom furniture, etc. Also, based on the strong financial position of the School, we have secured the necessary bank financing for the balance of Phase I of tenant improvements, which include the complete renovation of four of our buildings. The permits to proceed with this project are being submitted this week.

The implication that the School’s Leadership Team and Board of Directors sat idly by for the past ten years so that it could wait for the City to bail it out is not only incorrect. It implies that the Board failed in its fiduciary duty to the School, which is not the case.

Respectfully submitted,
Laura Cunitz
President, The Winston School Board of Directors

I am a long time Del Mar resident. I would like to see Measure Q funds used for the purposes outlined in Measure Q ONLY. The budget should be balanced without borrowing or stealing funds from Measure Q.
