The Winston School donated 790 cans of food in October to the San Diego Food Bank. ( Courtesy)

The Annual Spirit Month competition took place at The Winston School in Del Mar last month. Spirit Month is a time for students and staff to join together in teams to compete for the title of Spirit Month Champions. One of the school's many activities during this month is philanthropy, which includes giving and donating food to the San Diego Food Bank.

This year, The Winston School students and staff donated 790 cans of food during the month-long drive. The students are eager to continue helping those less fortunate in the city as the holiday season approaches.
