Off-Campus Lunch Privilege Agreement

We are continuing the successful high school off-campus lunch program for the 2019-2020 school year. We emphasize that The Winston School considers this to be a PRIVILEGE, rather than a Student’s right. This off-campus lunch privilege gives our high school students the opportunity to demonstrate positive responsibility with their desires for more flexibility. We are confident that our students can continue to make this program successful. We reserve the right to revoke this privilege at any time. The Off-Campus lunch program may be suspended on an as-needed basis in consideration of unsafe or hazardous conditions related to weather, construction, demolition or other activities that may occur in the surrounding area of the school campus.
