

School Accountability Report Card Reported Using Data from the 2019–2020 School Year

California Department of Education

For The Winston School

Address: 215 9th Street, Del Mar, CA 92014
Principal: Dr. Dena Harris

Phone: 858-259-8155
Grade Span: 6-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refer to data provided by the CDE.

School Description and Mission Statement (School Year 2020–2021)

Mission: The Winston School inspires hope and success in bright, creative students who have struggled to realize their potential.

The Winston School offers an academic program for students in 6th -12th grade. Middle school students (6th -8th grade) change classes every period of the day. They generally take four academic classes, an elective, an activities/assembly, and tutorial. High school students take a similar schedule but have two electives. Class offerings follow fairly traditional patterns. The population of students includes students who need to be challenged academically while accommodating their learning differences. The school offers Honors English classes. One class is offered a year, alternating between Honors English 11 and Honors English 12. When there are enough qualified students, an Honors English 10 is offered as well. Students may take the A.P. English Literature Exam in the spring. The school has assisted other students to prepare individually to take other A.P. exams such as A.P. U.S. History and A.P. World History.

Many students receive DIS services from counselors, speech and language therapists and/or occupational therapists. DIS providers attend weekly staff meetings and coordinate regularly with teachers, often providing support within the classroom. DIS providers work with the faculty to minimize disruption to student's schedules.

There are a wide variety of ways that students are encouraged to be involved. The school encourages staff to plan special events, clubs and field trips. The activities period allows students to participate in a variety of activities such as leadership, community service, gardening, music, role-playing games, yoga or cooking. Students have continued to be involved in the Del Mar community through volunteer work and participating in the local art

show. Assemblies have brought in outside speakers or showcased student performers. Through the WorkAbility program, students can receive pre-employment training and the possibility of a job placement. Other activities such as a Prom and Talent Show are held every year. The Mentoring Club pairs older students with younger or newer students. This group has been successful in helping new students make a transition to Winston as well as providing a forum for students to develop leadership skills.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	DPC	N/A	DPC	N/A	DPC	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019–2020)

Narrative provided by the LEA

Winston offers a variety of programs and classes that focus on career and work preparation. In the 9th grade the activities are in the Psychology and English classes. Students are engaged in activities that identify strengths, talents and interests. Some activities include creating a pocket resume and researching volunteer opportunities. In 10th grade activities/lessons are in English and World History classrooms. They include grooming, workplace safety, employee guidelines, etc. They also begin to explore some of their high interest career areas. In 11th grade activities include mock interviews and research on levels of education to reach career goals. In 12th grade in math and Economics classes units focus on money management, housing costs, transportation and other transition skills. Optional classes that engage in extensive preparation for a job search are also offered. This year we added a College/Career Readiness class. Additionally, students work individually with Workability I staff in preparation for a job search to review applications, interviewing, appearance and grooming and employer expectations. At school assemblies or in class presentations career speakers range widely from attorneys, alumni that talk about their current careers etc. Students also had opportunities for job shadowing and internship experiences. Electives may include College/Career Readiness, Digital Media, Culinary, Music and Art. Built into each of these classes are not only ties to the community but also career exploration. The Winston staff meets yearly to revise the pre-employment lessons/activities across all high school grade levels.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Narrative provided by the LEA

Winston Parent Group, which was founded in 2007-8, has become a very visible and active part of the Winston community. The group meets monthly on the campus. They have sponsored many student activities including on-campus special events and graduation parties, as well as supported staff with appreciation events. They are partners in campus events such as the Spring Showcase and have networked within the Del Mar community.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to prior years.

School Safety Plan (School Year 2020–2021)

Narrative provided by the LEA

The Winston School staff members have CPR-First Aid certification. The school has a defibrillator and all staff are trained to use it. Both the Student Handbook and the Policy and Procedures Manual outline guidelines pertaining to student safety and well-being. The local Sheriff's department reviewed the school's crisis management and safety plan. In addition to child abuse and sexual harassment policies, there are fire, earthquake, active shooter and

emergency procedures and a Crisis Management Plan. Fire and earthquake drills are held regularly. Emergency supplies of food and water are maintained. Communication among staff and between staff and administrators focuses on creating and supporting a safe learning environment.
